Important note

Despite all care during the compilation, we must draw your attention to the original German version of the insurance terms and conditions as these constitute the legal basis of the insurance contract.

Due to different causes and therewith connected increased quantities of bodily injuries in the spectator area we ask you kindly as insured / organiser to take care that the restricted areas (blocked and marked areas) remain free of any person. If there is no eviction of the areas mentioned above despite of repeated request by the marshals, the insured / organiser will be obliged to interrupt the event until the restricted area in question is free of spectators. We ask you kindly to observe the regulations of the DMSB, especially the section safety area / restricted area.

Subsequent requests for changes to insurance policies applied for must always be made in writing to Jühe & Jühe GmbH (RacingPolicy) and are only valid if you have received them in a new insurance policy (addendum to the insurance policy) in good time before the start of the event.
